DRINKING DISCOVERY FOR COUGHS AND COLDS

Your Druggist has sold Dr. King's New Discovery for coughs and colds since the day he opened his own store, and before that, when he was clerking for his "old boss" he made satisfied customers when he sold Dr. King's New Discovery.

It has been the standard preparation for bronchial affections for nearly 50 years.

Those who have used it longest are its best friends. It gives grateful relief in stubborn coughs and colds. Try it.

HE HAD NOTHING TO WEAR!

So he missed an important meeting. He also missed a stroke of business. He had several fairly good suits, but they all needed

CLEANING AND PRESSING

Don't be caught in this predicament. When your clothes become soiled and wrinkled from wear bring them to me--will make them look like new--I give new life--and prolong their usefulness.

I Thank My Friends For Past Patronage

G. W. Andrews

A BILIOUS ATTACK

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter.

OLD-TIME COLD CURE— DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Linger up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

THE NEW BARREL SILHOUETTE

Fashion Offers Straight Lines as Well As Barrel Effects This Spring

SILKS STRONGLY IN EVIDENCE

New York, March 12.—There will be two fashionable silhouettes this spring. The slim silhouette, with its straight, clinging lines will continue to be first in favor, as it has been all through winter, but the new barrel skirt will give women a chance to indulge in the bouffant effect, which will doubtless be welcomed by those who have complained of being tired of the eternal straight line.

True to its name, the new silhouette is in the outline of a barrel, bulging at the hips and drawn in at the waist and ankles. There are many ways of accomplishing this puffiness over the hips. One is by clever draping of the material at the waist line somewhat after the fashion of the "peg-top" skirts that were used some years ago. This type of the barrel skirt is shown in the

Dress of Pongee Showing the New Silhouette

sketch, which illustrates a dress of figured pongee with sleeves and belt of plain pongee in natural color. The skirt narrows down to two yards at the hem; for the narrow skirt, especially in this form, is to come in with the spring, fashion authorities say. This silhouette has also been named the 'bowling-pin,' and looking at the whole silhouette from shoulder to ankles, and not merely from the waist downward, the name is indeed most appropriate.

A good many spring coats have taken on the lines of the new silhouette showing that this effect is not restricted to dresses only. A very smart model is fashioned with a deep band at the lower part, the fulness of the upper part gradually losing itself when it reaches the band. Machine stitching furnishes the finish of this coat, which is shown in the second sketch. The material is soft, spring-weight velours, one of the favored spring fabrics.

Silks and a Variety of Silks for Spring

Perhaps the most generally favored of all fabrics this spring will be satin. It is to be used for one-piece dresses, for suits, and for separate coats. This material will also be in demand for evening gowns and afternoon dresses, and for these in popularity will be shared by charmeuse, which is very closely related to satin. The suits and dresses will be decorated with braiding and embroidery, and much of the embroidery will carry out the Oriental colorings which are distinctly in vogue this season.

There is a decided predominance of silks for spring. Among the silks for suits, poplin, rajah and tussar are strongly in evidence, and many novel ideas are noticed in the developments of these materials. On a suit of gold-colored silk jersey, black velvet was used for the collar and for a band at the lower edge of the coat. Some suits of rajah silk are trimmed with stenciling in attractive color combinations. The stenciling is done on the fronts of the coats or only on the belts, just enough to furnish some contrast. This is one of the very newest trimming ideas.

In spite of the very great vogue for colors in all the brightest hues and in all manner of combinations, a great deal of black and white is used. When cleverly handled, this combination is always attractive, and it is again very fashionable in Paris and New York. Solid black and white checked materials with large checks are considered smart for coats, both for the long and for shorter coats to be worn with white serge skirts.

The Importance of Ribbons

Ribbons are coming in for a great deal of prominence this season. They are not only used for small accessories such as girdles and collars, but have become much more important and have been employed for parasols and hats. Very wide striped ribbons combining three or more harmonizing colors have

A Smart Spring Coat in Barrel Effect been used very effectively to make pa-

rasols and to cover the entire crown and top of the brim of light-weight straw hats for sport wear. Matching parasols, hats and handbags made of ribboa or the pretty figured silks, are seen over and over again.

Narrow grosgrain ribbon is employed in rows, one overlapping the other, to cover the crowns and brims of some hats. Sometimes two colors are used alternately. The brim of a white panama hat was covered in this way with old gold and dark green ribbon, only the crown remaining in view to tell that the hat was a panama. An idea for remodeling your last year's panama, you will, no doubt, think! Another panama was faced with black velvet under the brim and the crown draped with black and white silk with a tassel placed at one side.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; can't injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

Tired aching feet feel refreshed after an application of Sloan's Liniment, do not rub, it penetrates and soothes.

Cleaner than musky plasters or ointments, does not stain the skin.

Have a bottle handy for rheumatic pains, neuralgia, gout, lumbago, sprains, strains, toothache, bruises and muscle soreness.

At all druggists, 25c. 50c. and \$1.00.

KILLS PAIN

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to keep her Locks Dark, Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustrous appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

THE GLOW OF SUNSHINE

Is a joy to those who have been shut up for the long winter, just gone, so that the pleasure of buying the bright airy fabric of Spring and Summer will be great indeed
